Reasons for comment:

|           |   |
|-----------|---|
| Comments: | <p>I strongly object to the planning permission requested.</p> <p>The village is already strained in terms of transportation, access to local schools, doctors and general amenities.</p> <p>I will directly be affected by this build. I will have a loss of privacy and light due to the build being situated close to my property. The build will impact on the character and design of the local village. It also will cause issues with environmental harm of the local wildlife and extra pollution in a small area. There is also a strong issue with highway safety as there is no structure in place to be able to deal with the increase of people in the local area.</p> |
