Reasons for comment:	
Comments:	<ul style="list-style-type: none">- This application is for 150 houses which would potentially add 300+ vehicles using the local area. Access to the main A227 road would be via narrow county/rural "b roads" (for example, Green Lane) passing the junction with Camer Park Road and Norwood Lane which are both already "DANGEROUS ACCESS" junctions.- The land in question is high grade Farmland used for food production for both home and export use thus reducing the need for importing.- This application would substantially increase traffic volumes to all roads an the main A227.

Kind regards
