Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	In the close proximity to this site, there are two schools. One of these is for children with special needs and who are vulnerable. The additional traffic which would be generated by these new houses would make a bad situation even worse. At certain parts of the day there are cars parked everywhere causing a danger to the children. Additional traffic would just cause more congestion and safety hazards. During construction this would be multiplied beyond doubt. Apart from this the reduction of productive farm land just diminishes our ability to feed ourselves in this country, therefore having in import more costly alternatives.

Kind regards
