## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>Living within a close proximity to the proposed new development my objections to this application are the extra traffic along the Wrotham road and the inevitability of the short cuts drivers will find using nearby streets to get to their destination quicker. 350 extra houses and with 2 other developments ref 20251116 and ref 20250993 giving the village another 270 house so a total of 620 houses could be close to an extra 1000 to 1500 more cars on the road an horrific thought for all residents.</p> <p>There are so many reasons for this not to go ahead the village is not capable of handling these type of new developments the main road in and out , doctors, schools the list goes on.</p> <p>I'm sure if a door to door survey was carried out in the village 99% of all residents would not want these new developments to go ahead and quite a few of our older residents are totally unaware of the changes being proposed.</p> <p>Regards</p> <p>[REDACTED]</p>

Kind regards
