Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I wish to object to the building of 350 homes on the Wrotham Road Opposite the Parade of Shops due to the dangerous access with potentially +700 cars using access onto the A227. The A227 is already a very busy road and this proposed junction is very close to the schools. There are also many cars parked along the A227 when parents are either dropping off or picking up children from the 2 schools near this junction. The shops are always busy and parking at the moment is a nightmare and this will make it even worse. Areas of road near the George pub are narrow and there si already a pinch point where large vehicles cannot pass. The farmland is currently a green field site which produces crops for food production. There are currently multiple application to build large scale housing around this very small area which will totally change the village feel. The GP and NHS service is already overstretched and cannot cope with such a large intake of people.
