Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: I wish to object to this application on the grounds of lack of public amenities such as doctors surgery and road structure. The area is already congested with vehicles using the local roads and the A227 which has seen a massive increase in traffic. This will also be impacted when work on the Lower Thames Crossing starts and the A227 is used to avoid major road works on the A2. The building of more houses will increase the traffic congestion and will change the whole ambiance of the village which was always known for its rural spaces with areas to walk etc. if permission is granted then more and more applications will follow and eventually Meopham will become a town like Gravesend with no end of houses and no public spaces for people to enjoy. This land is currently green belt land and is used to grow crops for food production.

Kind regards
