### Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The building of 350 houses at this site along with the building of 270 houses at two other local sites will increase the population of the village by a huge percentage and will put a strain on the already limited services available, such as the GP, schools and local shops. The large number of additional vehicles with make the roads in the village even more congested, there is already very limited public transport which will be stretched even further. There will also be an environmental impact by the loss of greenbelt land.

Kind regards
