RESIDENTS FROM VALLEY DRIVE: COMMENTS

Dear Sir/Madam (Mrs Kelly Joyce)
(ALLEGATIONS TO FRONT BOUNDARY WALL/GATES)
(SUNNYSIDE, VALLEY DRIVE)

Following on from the application, residents of Valley Drive have the following comments for your information.

- The current walls & gates are causing a danger to highway and pedestrians.
- Planning Permission was refused on 3rd Oct 2024 but gates are being used in an inappropriate manner, thus causing danger to highway/public
- walls & pillars at present are too high should be 0.6m, visibility is unclear/obstructive and dangerous. why not the pillars so high?
- The pillars should be lowered at vehicle access for visibility 0.6m? otherwise causing danger to public/highway your visibility is poor with high pillars if you are driving in/out.

- We as residents recommend due to lack of visibility at gate entrance the pillars should be lowered (0.6m)

The Main Resident objections are height of pillars at gate entrance.
