Reasons for comment:

Comments: Dear Mrs Goodbody

I am writing to support the planning application for a new vehicle crossover to the above address.

As the applicant has mentioned in their cover letter, Livingstone Road is overparked on most days and so allowing the parking of a car or two on a private driveway will significantly release the pressure on the road. I understand that the preservation of the grass verge is a further consideration however I believe that sacrificing some of the grass verge is acceptable in order to avoid cars parking on top of it which is visually unpleasant and doesn't allow for the enjoyment of the amenity space in the first place. To conclude, I believe the provision of a vehicle crossover is a positive move as it would not only provide benefit to the applicant but also the wider street.

Kind regards
