Reasons for comment:

Comments:	I am objecting to this change, I live as you see on Struttons Avenue which means I back directly onto the sports ground and was in fact unaware that they had a 9:30pm finishing time as most of the time they don't currently finish until almost or just past 10pm we have pictures to prove this. It means 6 nights a week we have people shouting outside the back of our house and ridiculously bright floodlights; [REDACTED] however the light and noise means though I am resting I can't sleep, [REDACTED] and he can't sleep either. My real objection is around the fact that they are obviously not following their current restrictions so if you extend the time they can have the lights on to 10pm how late will they actually have them on 10:30? 11pm? We doubt we're the only people having problems sleeping because of this. Also as we own our home we worry about the affect of the sports ground on the value of our house people aren't exactly going to be excited that the whole back of their home will be lit up until late at night every night and there will be yelling and shouting! I hope you will seriously consider our comments and not just dismiss them out of hand. Thank you
