Reasons for comment:

Comments:

The proposed illuminated signs will be out of character with the surrounding area which is generally a residential area.

On the eastern edge of Woodlands Park next to the proposed Fast food outlet is the Gravesend Civil Defence Sub-Divisional Control Centre.
This is a Listed Building and part of the National Heritage List for England, and is also recognised as part of Gravesend's Heritage and Character.

Surely bright illuminated large signage along Wrotham Road is not a great welcome for visitors arriving to Gravesend from the A2, I know Gravesend Borough Council prides itself with its history heritage and character.

I feel the proposed signage would create 'light spill' to local neighbours which would have a detrimental affect on nearby homes and gardens.

The brightness and position of the new signage could cause a distraction to drivers on a busy main road raising a potential safety risk to drivers and also pedestrians.

What guarantees are there that the signage would be turned off when the fast food outlet is not open for business ?

For the above reasons I would respectfully ask the planning department turn down this request for new illuminated signage.

Kind regards
