

Dear Kelly,

I hope your well.

Please find attached amended plans, as requested.

- With regards to the proposed first floor plan(attached) . The women's prayer room has now been

removed and replaced with a dining/living room for the existing accommodation.

- The ground floor extension for the men's prayer hall has been removed from the plans .

- The proposed women prayer hall area has now been reduced to accommodate for more storage area

and will now only increase by 17m² and gives a total of 51m². Therefore, there will not be an increase

in visitors and cars. This is purely to provide better facilities for the women.

- With regards to natural light, the window at the front of new extension and glass entrance doors to the

women's prayer hall in the basement will provide enough natural light.

I trust the attached is in order. However, should you have any further queries, please do not hesitate to contact

me.

Kind Regards,

Manahil Khan
