Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application

Reasons for comment:

Comments: As a neighbour who lives on ridge lane I would like to put my opinion across about the retrospective application on this site I have spoke to the neighbours who own this property and I have asked them what there intentions are with the property and there reply back was basically they had no were to go and there only trying to make a family home for them and there kids witch I replied back I have no problem with this and if I can help you in anyway let me know as I'm familiar with this site there has been a lot of fly tipping and over a number of years on this property mostly at the front entrance and the side of the property these travelers have bought this property and have got rid of all the debris and maintained it made it look nice and clean I do not see what the big problem is with the neighbours they should be happy that someone is maintaining this property and looking after it as they put signs up and cctv to prevent fly tippers coming back I should recommend approval for this site

Kind regards
