Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Looking at the South elevation I have concern over the increased height of the proposed dwelling [REDACTED] side windows for the front bedroom and bathroom. This increase in height with the already close proximity of the proposed dwelling will give a greater sense of [REDACTED] [REDACTED] [REDACTED] Additionally, the extra height to the dwellings will create further shading in the garden from mid afternoon. This is already significantly affected by the large fruit trees that currently sit on the boundary of Bluebells and haven't been properly maintained. The increased number of dwellings and subsequent footfall / vehicle access usage on the footpath NS271A will cause additional deterioration to the already frail state of repair and potentially risk exposure to underground utility pipes.
