Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to this in post locker as I live opposite it and when I look out of my living room window all I can see is this big yellow in-post box looking straight back at me this is not the only reason I am objecting to this I feel very strongly about this and this is also not to the 3 meter requirement for this to be away from the highway and also this is a blot on the landscape where it has been located I have seen so much bad parking when the courier people have been to pick up the parcel out of the lockers I see today a elderly gentleman in a mobility scooter trying to get on to the pavement but the van that was picking up the parcel would not move for him and had to go on to the main highway to get to the shops and that is not fair putting this is his way also car are parking on the corner to drop parcels off and also pick up making it dangerous for other road users where lorry can't get round the corner and also there are unable to see what is coming down the road while there are pulling out of the junction I know this is bad parking but this is a problem also there are 3 shops in the village that also where you can take your parcel back to and also pick them up from we hear a lot about supporting local businesses and there 3 shops are all small businesses that support the community I feel if this stays the small shop that where you can also buy your shopping from will suffer as when you can take you parcel back and pick them up from you may also buy something from . Also the inpost box has lights on it all night long. I am feeling very strongly that this needs to be removed as when the people have dropped there parcel off there just go home and not have to look at it all day long thus is a massive blight on the village I also feels that the person that has opened happy tails is good for the village and is also do a good job for there don't have to look at the inpost box all day and just go home to there houses and not see this so please take this objection seriously
-----------	--

Kind regards
