Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	With all the current building applications that are for development of good agricultural land this proposed plan, on what is private land, is a far better option. It does not impact on the wider environment or green belt land that will affect the wider local community. I wholeheartedly support this innovative development that makes better use of precious land, with little impact on the wider local communities. It does not impinge on the local infrastructure or road networks.

Kind regards
