Reasons for comment:	
Comments:	The proposed application for this property is totally unsuitable and out of keeping for a quiet residential area where any individuals who may have mental health problems or learning difficulties unties would be likely to come into contact with vulnerable young children who live in the area and could put them at risk. This is yet another planning application for a property which has seen multiple different applications over the last few years which are clearly to use a residential property for proof to the detriment of the residents which is a concern.

Kind regards
