Reasons for comment:	
Comments:	<p>I object to this development on a number of points.</p> <p>The land is prime agricultural land needed for food production.</p> <p>Environmental damage of loss of habitat for wildlife.</p> <p>Existing services cannot cope with additional housing: roads, schools, doctors services, hospital services water and waste services are all at full capacity and cannot support additional use.</p> <p>Also the proposed vehicle access is at a critical point on the A227 and would be an accident blackspot at a very busy intersection.</p>

Kind regards
