4a. Eligibility - The current building and site

Has the building been vacant for a continuous period of at least 3 months immediately prior to the date of this application?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Has the use of the building, for a continuous period of at least 2 years immediately prior to the date of this application, been any of the following:

- For periods prior to 1 September 2020 -
 - Shops (Use Class A1);
 - Financial and professional services (Use Class A2);
 - Food and drink (Use Class A3)
 - Business (Use Class B1);
 - Medical or health services - Non-residential institutions (Use Class D1(a));
 - Crèche, day nursery or day centre - Non-residential institutions (Use Class D1(b));
 - Indoor and outdoor sports - Assembly and leisure (Use Class D2(e)), other than as an indoor swimming pool or skating rink;
- For periods from 1 September 2020 - Commercial, Business and Service (Use Class E)

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Does the cumulative floor space of the existing building exceed 1,500 square metres?

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Is any land covered by, or within the curtilage of, the building:

- in a site of special scientific interest;
- a listed building or land within its curtilage;
- a scheduled monument or land within its curtilage;
- a safety hazard area;
- a military explosives storage area;

Or, is the building:

- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

4b. Eligibility - The proposed change of use

For applications, submitted before 1 August 2022, proposing a change of use to Dwellinghouses (Use Class C3) from Offices (Use Class E(g)(i), previously Use Class B1(a)).

Is/Was there an Article 4 direction in place that has removed these specific permitted development rights?

☐ Yes ☒ No / Not relevant

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will all the proposed new dwellinghouses have gross internal floor areas of at least 37 square metres, and comply with the nationally described space standard?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Following the changes of use, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

5. Agricultural Tenants

Is any part of the land covered by or within the curtilage of the building occupied under any agricultural tenancy agreements?

☐ Yes ☒ No

If yes, have all the parties to any agricultural tenancy agreements consented to the change of use?

☐ Yes ☒ No

If occupied under any agricultural tenancy agreements and:

- all parties have consented to the change of use

You will need to include copies of the written confirmations from all relevant parties, stating their consent, when this application is submitted.

- not all parties have consented to the change of use

Your proposals will not be eligible for permitted development based on the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

6. Description of Proposed Works, Impacts and Risks

Please describe the proposed development including details of any dwellinghouses and other works proposed:

The proposals are for the change of use of the existing Class E (Previously Office (B1 Use Class) and Dentists Office (D1 Use Class)) at the first - fourth floors of 22-25 New Road, to residential (C3) to create 8 residential apartments under the Town and Country Planning (General Permitted Development) (England) Order 2015 (As Amended) Schedule 2, Part 3, Class MA).

6. Description of Proposed Works, Impacts and Risks (continued)

Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses:

Please refer to submitted Daylight/Sunlight Report.

What will be the net increase in dwellinghouses:

Note that this figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building.

Please provide details of any transport impacts and how these will be mitigated, particularly to ensure safe site access:

Please refer to submitted Transport Report

Please provide details of any contamination risks and how these will be mitigated:

It is considered that there is low contamination risk as the proposals are above ground and there is no proposal to break into the ground or hardstanding at the rear of the site to enable the change of use to be implemented. The proposals are only for a change of use to the existing building and therefore the works would predominantly be internal refurbishments utilising the existing building structure and shell.

As the site has been in prior use as Class E (previously Office (B1 use class), Dentist (D1 use class)) and residential (C3), it is considered that the previous and existing use do not pose a contamination risk.

6. Description of Proposed Works, Impacts and Risks (continued)

Please provide details of any flooding risks and how these will be mitigated.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3 (Check online: <https://flood-map-for-planning.service.gov.uk/>); or
- is in an area with critical drainage problems (Check with the Local Planning Authority, it will have been notified of such areas by the Environment Agency).

The environmental Agency indicates that the site is located in flood zone 1, an area with a low probability of flooding.

This means a flood risk assessment is not necessary as the development is smaller than 1 hectare and not affected by other sources of flooding, therefore a flood risk assessment is not required and has not been submitted.

Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated:

Please refer to submitted Acoustic Report

If the proposed development would result in a building that contains more than one dwellinghouse, and is either 18 metres (or more) in height or contains 7 (or more) storeys.

Please provide details of the fire safety impacts on the intended occupants of the building.

For such proposals, a 'Fire statement' that covers the fire safety design principles, concepts and standards that have been applied to the development should also accompany the application.

The existing external fabric of the building will not be altered to accommodate the proposed 8 residential flats. The existing building is below 18 metres in height and does not contain 7 or more storeys, so therefore fire safety impacts will not be addressed as part of this application via a fire statement.

6. Description of Proposed Works, Impacts and Risks (continued)

If the building is located in a conservation area, and the development involves a change of use of the whole or part of the ground floor. Please provide details of the impacts that the change of use will have on the character or sustainability of the conservation area and how these will be mitigated:

The site is not located within a Conservation area.

If the building is located in an area currently in use for general or heavy industry, waste management, storage and distribution, or a mix of such uses.

Please provide details of the impacts on intended occupiers of the development of the introduction of residential use in the area and how these will be mitigated:

N/A

If the proposal involves the loss of services provided by a registered nursery, or a health centre.

Please provide details of the impacts on the local provision of the type of services lost and how these will be mitigated:

N/A
