Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Meopham does not have the infrastructure to accommodate this amount of new housing for the following reasons:- - it is already very difficult to get a doctors appointment - the main Wrotham road is already extremely busy and always jammed during school opening and closing times - you can rarely park at the shops which are dangerous to exit - the roads around Camer are often flooded as are many of the back roads in Meopham - public transport is almost non-existent as are taxis therefore everybody needs a car - the trains are often packed and standing is the norm into London during rush hour Meopham is no longer like a village and is now very busy all of the time. Quality of life in this area has deteriorated over the past 10 years and this development would only exacerbate it.
