Reasons for comment:

|           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Comments: | I object to this retrospective application because of the detrimental impact on the environment. It is unacceptable for people to clear all the trees from the site without prior permission from the planners. The impact on local wildlife is devastating. The run off from the cleared land will cause further flooding at the junction of Rhododendron Ave and Heron Hill Lane. The emergency services will find it difficult to attend due to the narrow nature of Ridge Lane. With a static caravan and a touring caravan on each of the 4 pitches it follows that there will be a minimum of 2 vehicles per pitch further impacting the already heavy traffic on Heron Hill Lane. There has been an increase in noise pollution in the area from the caravans that are already installed on the site. There has not been an environmental survey carried out to my knowledge so who knows what species rare or otherwise were impacted by the clearing of the trees and undergrowth. |
