Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object against this Green Belt development. The infrastructure in the area is not set up to cope with more housing, people and cars. The impact on the road system, utilities, especially water, and the environment as a whole is too detrimental to allow for this to go ahead. Meopham is not laid out to accommodate more demands on schools, doctors, parking, transport and other amenities. E.g. the GP surgery is busy enough as it is and the A227 is massively overloaded. Traffic jams in the village are a regular occurrence at school times, so more demand will make it unbearable. The council can't even keep up with maintenance at the moment! Nature and the environment will also suffer greatly. The fields will be no longer available to provide harvest, the recreational aspect to walk through this particular countryside will be taken away (which I do a lot with my dog!), and the habitat for many wild plants and animals will be destroyed. The focus should be on developing brownfield rather than beautiful green land.

Kind regards
