Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I have great concerns about the planning being approved . This will join Meopham and Sole Street together which the council never wanted to do. The doctors are full to capacity so where are all the new residents going to go. The train station doesn't have wheelchair/pram access to one side only a bridge. The roads can not cope with the amount of traffic now so how on earth are they going to cope with potentially 1400 more cars/vans? There will probably have to have a pumping station and the sound/light pollution will ruin our beautiful country side . Nobody around here wants that. We bought our house here 4 years ago for the surroundings and quiet area it is not a loud, noisy, busy town which is what it will turn into. Nobody listens to what the residents have to say which in this day and age is very sad. This development will totally ruin what we have here and Meopham and Sole Street will not cope with what you intend to build. This village was not built for this.

Kind regards
