Reasons for comment:	
Comments:	There is not a need or requirement for this proposed build of 725 houses. There is no infrastructure - no Doctors, no schools no roads. The site is Grade 2 Agricultural land that can grow arable crops. We need Food Security. We need to prevent urban Spawl, we need to keep land open. Sole Street and Hook Green will be one! We need to protect our Countryside, habitats and the ancient ecosystems. Traffic - an increase of 1500 cars, additional pollution, light pollution and noise pollution will impact severely. Look at the amount of proposed houses will again severely damage the characters of the villages that will get swallowed up with this mass build.

Kind regards
