Reasons for comment:

Comments:

The collective amount of proposed houses to be built n Meopham. It is extreme.

Urban Spawl will occur between Hook Green and Sole Street. The villages identity will be lost, this needs to be preserved.

The land needs to be kept open we need to keep land open.

There is no infrastructure to support this build. With the exception of Wrotham Road A227 the roads are country lanes, the surrounding two bridges have not the sufficient weight bearing.

There are no additional Doctors, schools, and the railway station is rural and without a lift.

The amount of pollution caused during construction, cars, noise and light will impact detrimentally.

Our Countryside, habitats, protected wildlife will become non extinct together with the ancient ecosystems.

Utilities are stretched water companies have already declared they cannot

deliver.

Flood mitigation - this is a major issue for Norwood Lane and Wrotham Road.

There is not a need or requirement for this planning application.

Kind regards
