Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this application, as it brings no benefits to the area whatsoever, it is totally inappropriate and would not fit in with existing dwellings or surroundings. The environmental harm & the fact the traffic flow is far too high already means large caravans would only make the situation worse on a narrow. There is a place for every development but is the council seriously considering this application? If you are going to ruin the green belt infill it with a quality home or bungalows as opposite but previous applications have been objected to so should this application.

Kind regards
