Reasons for comment:	
Comments:	<p>There are a number of applications that are going to drastically affect the whole area</p> <p>We hope that the council/planning authority will take all of this into account when making individual decisions. The whole nature of the meopham area is under severe threat.</p> <p>Traffic is already a major probem . The A227 consistently has traffic issues amd often has roadworks and other repairs causing long tailbacks</p> <p>It is a known rat run from m20 to a2 and vica versa.</p> <p>More houses means more cars and worse traffic congestion.</p> <p>The area is beautiful both for its wildlife and its walkers.</p> <p>Failure to recognise these issues will seriously damage the whole area.</p> <p>Whether the local facilities ie schools surgeries even shops etc can cope with every new planning application and developement is highly unlikely and so unless the council show its residents a considered approach ...all applications must be opposed.</p>

Kind regards
