I have the following comments on planning application number 20260207 :

1. Wrotham Road is unable to cope with the current volume of traffic lorries cut through from A.20 to A.2, and as a new lorry park is being built at Wrotham that volume will increase, ^{Add to that} extra traffic relating to a new school ~~and~~ together with traffic associated with 730 houses.
2. Rail service unable to cope with present level of passengers. Always impossible to get seat. Very bad bus service.
3. The proposed school with 420 pupils, traffic will be horrific. Who will pay for teachers?
4. No results from traffic survey. We need to know!
Houses will connect Meopham and Sole Street which will join two villages together. Not Government

been unable to login to the Portal.
I feel we have been very underinformed
about the building development. I also feel
that these proposals are being rushed through
without local people being informed of the
