I have the following comments on planning application number 20260207 :

- Meopham is already struggling with old and insufficient infrastructure. Norwood Lane is especially small, and residential and I cannot see how 700+ more cars could be accommodated. Meopham Station is also inaccessible, so any disabled people, or families with young children would struggle. Norwood Lane is also not serviced by any buses.
- The water board have stated they would not be able to connect any new settlement, and Meopham's powergrid is already fragile with multiple power blackouts per year.
- This proposal would physically link Meopham and Sole Street allowing for a high degree of urban sprawl and effectively combining the two villages.
