I have the following comments on planning application number 20260207 :

- Green belt declining
- Pollution of air and noise
- Traffic is already overcrowded on trains and cars, especially commuters
- Huge disruption of wildlife, children missing outdoor opportunities and experiences
- Families and walkers areas taken away mental health and well being diminished
- Access to Norwood Lane dramatically reduced causing more traffic, cars drive too fast
- Area of families and elderly as nice rural area, emergency access vehicles massively impeded
- Flooding is already an issue, open fields help reduce this

I have the following comments on planning application number 20260207 continued:

- Area already suffers from powercuts, more stress on system even if supported will cause more issues - very unsafe!
Especially for families and elderly who have chosen this quiet area.
- Character to villages lost
- Environmental areas need to be protected ~~and~~
so much is being lost.
