I have the following comments on planning application number 20260207 :

The proposed site is Greenbelt and agricultural. This development would be urban sprawl. Ancient woodland and ecosystems would be destroyed.

The extra pollution from around 1,400 cars will endanger the health of residents.

The two GP surgeries do not have capacity for so many more patients. There is just one dentist in Longfield. The countryside must be safeguarded to prevent flood risk, which is very realistically likely to happen if this plan goes ahead.

I have the following comments on planning application number 20260207 continued:

The transport network is already at capacity, parking is full at Mepham Train Station and there aren't enough seats on commuter trains already.

Mepham Parade is already dangerously congested.
