I have the following comments on planning application number 20260207 :

I object most strongly on the plans to build on this Green Belt land. The land is a home for numerous creatures that are protected, such as pipistrelle bats, fireflies, skylarks, swifts and swallows that cross this field along with several species of owl.) question who all these new homes are for. Certainly not for local young people to afford. The traffic congestion which is already bad, will be made considerably worse with added pollution, when probably more than an extra 1,000 additional vehicles will be using our poorly patrolled streets. Still no sign of there being repaired.) already am unable to see

I have the following comments on planning application number 20260207 continued:

a doctor, [REDACTED] be when
a further [REDACTED] 700 homes are built, particularly
when both Meopham & Stood Rise Surgeries
are saying they cannot take on any more
patients.

The whole idea stinks & has not
been thought out regarding resources. South Horn
@dor has already said they cannot guarantee
a service & schools are already at capacity.
If they are built, I believe they will stay
empty for years.

Please think again.
