I have the following comments on planning application number 20260207 :

I totally, completely and Morally disagree with this ~~new~~ hair-brained proposal. I object for numerous reasons, of which I'm going to lay out in this letter. For One, the destruction of our beautiful greenbelt, a home to ants and birds alike, a beautiful walk for the locals and the livelihood of our local farmers. You'd be obliterating ancient ecosystems and habitats, disrupting ~~the~~ flight paths of birds and the hunting grounds of the mammals. Continually, what about our doctors, dentists, schools, gyms, all of which are already at capacity? They cannot take anymore, let alone the excessive numbers of people who will be moving here. With an estimated 1,450 extra cars, the town will suffer from constant gridlock, access issues for emergency vehicles and the sheer amount of air and light pollution all of these cars will cause and that doesn't include when there's roadworks. These fields also...

I have the following comments on planning application number 20260207 continued: ... suffer with flooding, as well as the surrounding roads, has this been mitigated in the plans? Has it even been considered? I could go on and on with legitimate reason why this proposal is utterly diabolical, but what is the most upsetting, is the destruction of our country. Greenbelt land is being attacked, all over the country. Stuffed with cheap, poorly built houses, where crops used to ~~grow~~ wave in the wind, where birds sang and kids played. Many people (including governing bodies such as the waterboard) are fighting to save our land, do the right thing, and save our greenbelt. GREEN NOT GREED.
