I have the following comments on planning application number 20260207 :
I am disappointed to learn that the rural identity of Meopham is endangered as more new housing, in addition to that on land East and West of Wrotham Road in Meopham and further southward, is discussed.
I realise the Labour Govt. has an obligation to build about 1.5 million new homes, but thought that priority should be on 'brownfield' sites and then 'grey belt' areas, with the use of our precious productive arable 'greenbelt' as a very last resort.
Am I wrong?
With the projected increase of Meopham's inhabitants, comes the question of the need for much improved infrastructure. There is difficulty now obtaining medical appointments, dealing with increased traffic levels

I have the following comments on planning application number 20260207 continued:

on the A227. (only to become worse when the road is used as a cut-through upon the speculative opening of the lower Thames crossing), school placements etc. Increased housing creates an increase in vehicular air pollutions and given that there would be 4 schools in close proximity, hardly the most ideal situation.

I hope that this objection, along with the many others, is given complete consideration before a decision is made.

Thank you.
