I have the following comments on planning application number 20260207 :

The site at Norwood Lane/Camer Road which is intended for another 725 Homes in our village is preposterous. The site is Greenbelt, Grade 2 Agricultural land & does NOT meet the definition of 'Greenbelt' land. It is not included in the proposed Local Plan due for release in the near future.

This means that Gravesham Borough Council have not designated this site suitable for development!!!

The local Infrastructure of Meopham & 1st Aid Rise GP Practices are both at capacity, to say nothing of our local schools.

Traffic (which is already difficult) will mean another 1,450 extra cars + local

driver vehicles. Emergency vehicles to houses on Norwood Lane would definitely be impeded. Additional traffic will cause pollution, & development will cause light pollution. Cumulative effect of developments in the area should be considered. Our open fields capture water which reduces flooding & still Norwood Lane & Wrotham Road have problems with this issue.

Why not use Brawnfield land would be a far better idea & there are sites in Grawesham which are appropriate.
