I have the following comments on planning application number 20260207 :

- The roads in Meopham are already congested at certain times of the day, not just with cars, large lorries travel through which are unsuitable for the A227.
- Our drains fail regularly when we have prolonged rainfall, the drains overflow and we have flooding at Norwood Lane/A227 junction and the Hook Green area.
- The doctors surgery is at capacity and could not support a large influx of people.
- Darent Valley hospital also could not cope with with many more people needing it various services.
- Existing pipework for sewage and foul water

would not be adequate.

- The arable land is still being farmed — we need to grow our own crops and not rely so much on imports, given the precarious state of the world at the moment.

I have lived in Meopham for over 50 years and have living in a rural community, even though it has changed much in those 50 years.

The number of homes proposed would be detrimental to the whole nature of the village, it cannot be allowed to go ahead.
