I have the following comments on planning application number 20260207 :

① The proposed site is on GreenBelt land, for the past thirty years it has been farmed producing food for both humans + animals

② Meopham is already the longest VILLAGE IN ENGLAND, building on this site would merge two areas, we would no longer live in a village, The name Meopham means Homestead/village it was first recorded as MEAPAHAM in 788, being listed in the Domesday book, it should be protected and preserved.

③ We already have insufficient infrastructure + services, these can not cope with such a large increase in population, our doctors are at full capacity, our Sewers and electricity supply are under strain, and are inadequate

I have the following comments on planning application number 20260207 continued:

④ Quality of life for existing residents would be affected due to the increase in pollution, additional traffic up to 1450 extra cars, noise, plus flooding a major issue on Norwood lane + Wrotham Rd.

⑤ If approved there would be a loss of homes to our wild life and ancient ecosystems we would lose lizards, newts, Badgers foxes, owls, Squirrels, and birds of Prey
