Reasons for comment:	
Comments:	[REDACTED] I am fully supportive of the proposal for a new mosque in the area. I am keen to send my child to a safe, local facility where she can learn Islamic values, build friendships, and grow in a nurturing environment. The current venues are overcrowded and not easily accessible for families with young children. A mosque in the town centre would allow us to walk together, avoiding the need to drive or rely on limited transport options. In terms of parking, I believe concerns are unfounded. There are already restrictions in place for residential parking bays, which ensures that local residents are protected from any potential disruption. Most parents like myself would walk, and for those who need to drive, the public car park nearby offers a suitable and convenient solution. This new mosque would be a real asset to families like ours and to the wider community.

Kind regards
