| Comments: | <p>This application must be considered in the context of equality and fairness. There is a real concern among many of us in the community that if this proposal were refused, it would be perceived as discriminatory - not on planning grounds, but because of our faith as we know just how badly this is needed in the local area. We sincerely hope the planning committee will recognise that there is an urgent and genuine need for this mosque, and that Muslim residents should not feel ashamed or marginalised for simply wishing to practise their religion with dignity and respect.</p> <p>This is not just a place of worship; it is desperately needed social infrastructure that will serve a wide cross-section of the community - offering education, support, and outreach to young people and families. It directly aligns with Gravesham Borough Council's own policies promoting inclusive growth, social cohesion, and infrastructure that reflects the needs of local residents.</p> <p>We urge the committee to make a decision that reflects the values of fairness, inclusion, and equal treatment for all communities in Gravesham.</p> |
