Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I would like to object against this planning application. This building was a running pub when it was purchased and the new owners have closed the business down , with the intention of changing its use without any consideration for local people who have used the place for years or locals who live nearby. I have seen they have removed the peacock mural from the facade . If this development is allowed to go ahead it also leaves other similar premises as potential fair game for development which is not for the greater food of local people . I see many people who reside in the westcourt area have said that people visiting the religious building there have congested the area with vehicles visiting the mosque there. They state that there will be open in the afternoon/ evenings week days when nearby residents no doubt will be returning from work and therefore it will no doubt impact the local parking there which can be very busy at the best of times. Any assurances the applicant makes regarding parking I imagine will just be lip service with no intention at all to respect people who live nearby.
