13th February 2026

Dear Sirs

Re Meadow House, The Street, Cobham, Gravesend, DA12 3BZ
Works to trees in a Conservation Area; Line of poplar trees to
be felled or reduced in height – c.15ft.
Planning Ref. GR/2026/0124

The Society considers that the row of trees make a useful contribution to the Conservation Area but are in need of management. In the Society's view, the minimum height should be maintained at 20ft and the ivy and dead wood should be removed. If trees are removed completely, consideration should be given to re-planting.

Yours faithfully

[Redacted Signature]

Mrs P Lippiatt
Hon. Secretary
