Reasons for comment:

Comments:	I object to this application on the grounds of loss of woodlands and habitat for wildlife. Acting on removing all the trees and converting the land with hard standing areas without consulting the relevant authorities first does great harm to an area and if permission is granted, gives cause for other land owners to act in the same way. Ridge lane and the connecting roads are very narrow, with almost no passing points, especially close to Heron Hill Lane. There is no pavement to walk on, residents and those who live nearby like myself and use the lanes for walking and my children for cycling will be impacted by more traffic as we are already on the single-lane road. In this area, a lot of woodland has already been lost to land owners developing their land for housing. I appreciate that the travelling community will want to have land for their communities, but this needs to be suitable land without the loss of woodland.
