Description of Proposed Works

Please describe the proposed works

Proposed Garage

We do respectfully query the concerns relating to highway safety as the proposal is set within the walled boundary of the application site and it is difficult to see how this can obscure visibility to the highway on this mostly straight lane. Moreover a visit to the site will confirm that the road quality is unusually poor, a speed greater than 5mph would not be safe.

Details of the pre-application advice received

Following the Pre-Application Response, we have revised the proposal to show 2 bay garage with flat roof side projection to minimise its impact.

Extract of Summary:

"Overall it is considered that the proposed garage would result in a dominant structure that would overshadow the host property and due to its height and location up to the front boundary would obscure any views of oncoming traffic when the occupiers of the adjacent dwellings are exiting their driveways and as such would result in a detrimental impact on highway safety. As such, it would be contrary to Policies CS11 and CS19 of the Gravesham Local Plan Core Strategy (2014) and Section 12 of the National Planning Policy Framework (2021)."

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☒ No
