Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: We object to this application on the basis it will be detrimental to the local area, particularly traffic through Park Avenue, Milton Avenue and Parrock Avenue which are already used as shortcuts for parents dropping their children off at school, the application in question does not allow sufficient parking for the number of units and therefore the already busy roads will become impossible to park on.

The site will also attract additional cars and traffic which will force more cars down park, Milton and Parrock avenues to avoid Echo roundabout.

With the additional road traffic and cars parked this will make the roads even more difficult to navigate at peak times than they already are during school hours particularly.

The scheme is not well thought out and the lack of parking for the volume of units is unacceptable.

Kind regards
