Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I wish to strongly object to yet another application for planning permission for a travellers site on this plot of land in White Post Lane. Planning has already been declined on the plot and the travellers are just completely ignoring the restrictions and adding more and more unauthorised caravans on the site. White Post Lane is a small narrow lane with a small number of passing places it is not suitable for caravans to use. Many of our historic trees have been demolished as these over size caravans access the site. It is no longer safe for people to use the lane as it's so dangerous with speeding cars from the site and abuse from unauthorised people on the sites. The lane was always used for walkers cyclists and horse riders aiding people mental health and desire to walk. Southern Water have already highlighted concerns over sewage and rubbish is being built up and burnt illegally. Gravesham Borough Council should have correct suitable travellers site set up which are equipped for the size of caravans and day rooms they want and the land at White Post Lane which is Green Belt land is not a suitable place.
