Reasons for comment:

Comments:	I wish to log yet another objection to further development of the unauthorised travellers site on White Post Lane. The lane is not suitable for caravans and a hugh amount of damage has already been done to our historic trees by the illegal felling and destruction to get these oversized caravans down the country lane. This was a lovely quiet lane where people could walk cycle and horse riders enjoying the peace of the countryside but no longer it's unsafe with speeding cars and abuse from the travellers on site. There is insufficient sewage provisions which has been highlighted by Southern Water and no provision for rubbish other than what appears to be illegal burning. Gravesham Borough Council should listen to residents who have been reporting miss use of this green belt area for many months
