

Dear Rebecca,

I attach the amended Schedule of Works with the latest amendments in yellow highlight. The amendments include the colour schedule items 41.01, 41.02 & 41.05.

Also attached is drawing ECM/0123/19 Rev.A now including reference to the fire surrounds of the Living room, Sitting room and Dining room. The drawing reference has also been added to the relevant items in the Schedule of Works.

The reference to the plant room door (item 42.05) is now omitted.

Works to be completed in eight months.

I trust that the above and attached will enable you to discharge Condition 2.

Yours sincerely,

Tim
