Dear Sirs,

Application: 20240013

Former St Josephs Convent Preparatory School 46 Old Road East Gravesend Kent DA12 1NR

Application to part discharge the following.

Condition 13- New Plant / Equipment

I refer to the above planning permission.

Pursuant to the above conditions, I hereby seek part discharge of Conditions 13. The following have today been submitted via the Planning Portal for the Council's consideration:

- Completed application form.
- Technical Document - Condition 13 Assessment, Gravesend - bsb85.
- Online payment of application of £400.00.

The assessment concludes that the noise impact from the proposed Vaillant ASHP units is very low. The assessment is based on latest guidance on assessing noise from ASHP units, jointly issued by the Chartered Institute of Environmental Health and the Institute of Acoustics, issued in June 2026.

I trust that the application to have details reserved by Conditions 13 attached to planning permission Ref. No.20240013 is satisfactorily made and look forward to receiving confirmation of its validation and discharge. However, if you have any queries or require any further information, please contact me.

Yours faithfully

Regards

Rustom Chichger
