Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: White Post Lane is not an appropriate area for a travellers site, it is designated Green Belt. The lane is extremely narrow with only a few passing areas for vehicles. The lane has been completely closed on many occasions whilst the mobile homes are being transported and installed. In order to gain access to the site many mature trees were ruthlessly cut down. The site can clearly be seen from the road and the bright external lights on the site do not belong in a rural setting. The entrance to and exit from the site is on a dangerous bend. A large electric powered metal gate with CCTV and a large amount of close-boarded fencing has been erected. The planning application submitted refers to a modest 'timber field gate'.

Dogs are barking day and night which is harrowing to hear.

I strongly object to this application. This is inappropriate development and harmful to the Green Belt and should not be approved.

Kind regards
