Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Objection: I object to this plan as we have just lost our doctors surgery meaning over 2500 people who live in the village have been told to use other gp sites, more people will mean greater wait times for appointments, the primary school is a local village school that is over subscribed already so where will the children attend. School lane and Taylors lane are country lanes, and school lane already gets blocked when its school pick up, drop off and events at the school, plus we have lorries coming up and down this lane too. Having the entrance on either school lane or taylors will put our children at greater risk as alot of the primary children walk to and from school. School lane and taylors are also used by horses and the primary children learning cycle proficiency, with the houses being built this will again put children and horses in danger as there will be more vehicles coming and going in both school lane and taylors lane.

Kind regards
